

Hentiesshelf 1083 cc

# COMPANY PROFILE

## **Hentieshelf 1083 cc - Company Profile**

"We can't move heaven, but we can move earth"

### **OVERVIEW & BACKGROUND**

Under the leadership of Michael Hansen, Hentieshelf 1083 cc has established itself as one of the leading, "ALL IN ONE/ ONE STOP" Rubble & Refuse Removal, Plant Hire, Supplier of Compost, Lawn Dressing, Top Soil and Building Material, Tree Felling companies in the West-Rand area.

With a fleet consisting of over 25 vehicles, TLB's, Bob-Cat and various sizes of Tipper Trucks, we've proven to be a successful, independent company with a comprehensive selection of machinery to provide you with unrivalled service and total customer satisfaction. Our Plant hire equipment is available for short / long term, and is supplied with a driver or operator.

Hentieshelf 1083 cc has its own workshop and all our equipment undergoes maintenance on a regular basis. Vehicles are run through a comprehensive checking process before being sent out to our customers, ensuring a minimum of downtime to the customer/hirer.

Our drivers/operators are well trained in both the operation of the equipment and in safety, ensuring that they are fully capable of handling the equipment competently, while our technical backup team attend to any problems that may arise on site quickly and efficiently.

Our target market;

- Private Households i.e. garden refuse
- Office Blocks i.e. garden refuse
- Construction sites i.e. removal of building rubble associated with construction
- Landscaping i.e. providing compost, top soil, lawn dressing, fill soil etc.
- Plumbers / Electricians / Tiling / Roofing, etc.
- Swimming pool Installers i.e. removal of soil etc.
- Anyone who needs large amounts of rubble removed from their property
- Site preparations i.e. scrape of vegetation and removal
- Demolition of Houses i.e. to prepare for new buildings/houses

### **OUR UNIQUE APPROACH**

The Hentieshelf 1083 cc "family" is determined to satisfy our customer's needs in the most cost effective and efficient manner possible. We are able to assess proposed contracts or sites requiring the use of heavy plant and equipment carefully and advise our customers on the most economical and time efficient manner in which to complete the necessary work.

It is with pride that we ensure that all of our customers get far more than "hired equipment."

Recyclable materials are taken in for recycling. This is an important part of the rubble removal process, recycling is friendly to the environment. We support & practice responsible dumping at the appropriate Landfill Sites. We do not remove any toxic waste, medical or meat products.

## HOME BASE

This family owned business is "based" on a 2-hectare property in Sonnedal AH, Honeydew, close to up-market and residential areas. The property accommodates the family home of the Hansen's, the offices of Hentiesshelf 1083 cc, the workshop with a parking area for our fleet of vehicles.

## OUR MISSION

To focus on our customers by our quality assurance which is continuously reviewed and improved as we are committed by embracing the needs of a changing industry as part of our environmental responsibility.

## OUR VISION

To be recognized as the premier ALL IN ONE/ ONE STOP" Rubble & Refuse Removal, Plant Hire, Supplier of Compost, Lawn Dressing, Top Soil and Building Material company in the Gauteng area, known for our concern for our customer's needs and operational excellence.

## OUR CORE VALUE STATEMENT

- Service to the customer above all else
- Striving for service excellence in reputation
- A responsibility to cultivate the best relationships where possible with our co-workers, customers, suppliers and our community

## HEALTH & SAFETY

Management ensure that safety is not compromised in any circumstances by taking responsibility for employee safety, leading by example, encouraging positive safety behaviour and discouraging negative behaviour.

Cases of occupational and non-occupational disease are referred to external facilities. No pre-employment testing for HIV is undertaken and all HIV testing and counselling is undertaken voluntarily. Employees who are HIV positive are encouraged to participate in the wellness programs available through various local clinics.

## MEET THE MANAGEMENT TEAM

### Michael Hansen Managing Director / Owner

Michael Hansen's entrepreneurial spirit became evident right after a short spell at the South African Police force, seeing the gap in the "Rubble & Refuse removal" market he started at the bottom by doing loads and deliveries with his 4-ton Truck.

Michael took in a "partner", who later became Mrs. Jenny-lee Hansen, to manage the day-to-day logistics and administration this allowed him to concentrate on the development and marketing of new projects.

With earthmoving equipment a continual need in the building industry, Michael acquired more equipment and rented these vehicles out to local builders and

contractors. Today, 11 years later, Hentiesshelf 1083 cc, is one of the leading "small-plant hire" companies in the West Rand - Gauteng area.

Although the "Hentiesshelf 1083 cc family" of dedicated staff has grown considerably with the development of the business, Michael still remains the "hands on" driving force behind the company, instilling that same passion in those who work with him towards achieving the companies' objectives and satisfying their customers' needs.

## **Jenny-lee Hansen** **General Manager / HR Manager**

Sharing the same "passion and drive" as Michael, Jenny-lee took control of the office administration of Hentiesshelf 1083 cc. The initial bookings and invoicing were all done by issuing written invoices and - cash slips, needless to say that all Journals were done "old-school" too, effective for the time being, but Hentiesshelf 1083cc needed a more modernized "set-up" to keep up with the changing economy and industry.

Jenny-lee instilled these much needed modernized processes and procedures, ensuring "smooth-sailing" with office administration/logistics. All administration changed effectively to electronic formats and today we are able to send and receive info more efficiently and effectively.

This "duo" made up an excellent team on their own, but evidently it became clear that they had to employ more personnel. From a "one-man band" the "Hentiesshelf 1083 cc Family" has grown to a fully fledged business, currently with 10 permanent truck drivers, 7 permanent TLB Operators, 2 permanent BobCat Operators, 20 casual labourers and an Office Assistant.

## **OUR SERVICES**

### **PLANT HIRE**

Hentiesshelf 1083 cc's experienced management team is on hand to provide advice and assistance to all customers in an effort to establish the most cost effective and efficient method of completing any proposed project.

Our services include:

- Rubble Removal
- Garden Refuse Removal
- General Site Cleaning
- Total Site Cleaning
- Supply / Delivery of Sand, Top Soil, Compost, Lawn Dressing for landscaping
- We offer transport for building materials to sites as well
- Move of TLB's / Excavators and or BobCat's
- Hire of equipment to meet the requirements of the customer
- Transportation of equipment between sites
- Tree Felling – removal of stumps & trees & Garden refuse
- Free Quotations & Highly competitive prices

## **COMPOST, LAWN DRESSING, TOP SOIL & BUILDING MATERIAL**

“our passion makes your garden grow”

### **Compost**

Our compost is an organic decomposition of manure, finely sifted and a 10% fine wood chip component is added to aerate the compost. This provides an organic alternative to commercial fertilizer. The advantages of organic compost include, soil retention and the provision of a natural pesticide for soil. It also provides vital humus and nutrients to encourage plant growth.

### **Lawn Dressing**

A 50% organic compost / 50% top soil mix, fine sifted. The topsoil takes care of undulation in the lawn and the compost acts as a booster for grass growth. This product is also excellent for the establishment of ready to plant flower beds.

### **Topsoil (Wikipedia)**

Fine sifted topsoil is used for backfilling and preparation of newly landscaped sites

### **Building Material / Sand**

The building material / sand is provided for the “filling of foundations”, or levelling/rising of levels for reasons of landscaping etc.

## **TREE FELLING**

Hentieshelf 1083cc offer tree felling and tree removal services throughout the Gauteng. Cutting down trees at private homes, housing estates, office complexes & any place where there are unwanted trees.

We pride ourselves by offering our customers quality service at a reasonable rate and turning them into long term clients.

We also pride ourselves to provide timely, clean and safe tree felling and stump removal as well, as garden refuse removal. We only use the best equipment and protective gear to ensure optimum safety for our team and our customers.
